

A "retailer maintaining a place of business in Illinois" as defined in 86 Ill. Adm. Code 150.201(i), is required to register with the State as an Illinois Use Tax collector. See 86 Ill. Adm. Code 150.801. (This is a GIL).

July 30, 1999

Dear Mr. Xxxxx:

This letter is in response to your letter dated July 13, 1999. The nature of your letter and the information you have provided require that we respond with a General Information Letter, which is designed to provide general information, is not a statement of Department policy and is not binding on the Department. See 2 Ill. Adm. Code 1200.120(b) and (c), enclosed.

In your letter, you have stated and made inquiry as follows:

I would like to have a formal written decision on my Sales and Use Tax status. I am the owner of two (2) Wisconsin based corporations: **COMPANY**, a landscape products company, and **BUSINESS**, a trucking company. They are completely independent and separate companies.

We do not do any landscaping within the state of Illinois. **COMPANY** solicits landscape product accounts via telephone and mail and hires **BUSINESS** to transport the product. We do not employ any salesmen or agents in the state of Illinois.

Based upon this information, what are our tax responsibilities for the state of Illinois?

If there are any other questions that I may answer, please call Lyle at ####. Thank you for your attention.

In the context of a General Information Letter, the Department is unable to make nexus determinations because the amount of information required to make that determination is often best gathered by an auditor. The following information outlines the principles of nexus. We hope it is helpful to you in determining whether you are responsible to pay tax in Illinois.

An "Illinois Retailer" is one who either accepts purchase orders in the State of Illinois or maintains an inventory in Illinois and fills Illinois orders from that inventory. The Illinois Retailer is then liable for Retailers' Occupation Tax on gross receipts from sales and must collect the corresponding Use Tax incurred by the purchasers.

Another type of retailer is the retailer maintaining a place of business in Illinois. The definition of a "retailer maintaining a place of business in Illinois" is described in 86 Ill. Adm. Code 150.201(i), enclosed. This type of

July 30, 1999

retailer is required to register with the State as an Illinois Use Tax collector. See 86 Ill. Adm. Code 150.801, enclosed. The retailer must collect and remit Use Tax to the State on behalf of the retailer's Illinois customers even though the retailer does not incur any Retailers' Occupation Tax liability.

The United States Supreme Court in Quill Corp. v. North Dakota, 112 S.Ct 1904 (1992), set forth the current guidelines for determining what nexus requirements must be met before a person is properly subject to a state's tax laws. The Supreme Court has set out a 2-prong test for nexus. The first prong is whether the Due Process Cause is satisfied. Due process will be satisfied if the person or entity purposely avails itself or himself of the benefits of an economic market in a forum state. Quill at 1910.

The second prong of the Supreme Court's nexus test requires that, if due process requirements have been satisfied, the person or entity must have physical presence in the forum state to satisfy the Commerce Clause. A physical presence is not limited to an office or other physical building. Under Illinois law, it also includes the presence of any agent or representative of the seller. The representative need not be a sales representative. Any type of physical presence in the State of Illinois, including the vendor's delivery and installation of his product on a repetitive basis, will trigger Use Tax collection responsibilities. Please refer to Brown's Furniture, Inc. v. Zehnder, (1996), 171 Ill.2d 410.

The final type of retailer is the out-of-State retailer that does not have sufficient nexus with Illinois to be required to submit to Illinois tax laws. A retailer in this situation does not incur Retailers' Occupation Tax on sales into Illinois and is not required to collect Use Tax on behalf of its Illinois customers. However, the retailer's Illinois customers will still incur Use Tax on the purchase of the out-of-State goods and have a duty to self-assess their Use Tax liability and remit the amount directly to the State. The Use Tax rate is 6.25%.

I hope this information is helpful. The Department of Revenue maintains a Web site, which can be accessed at www.revenue.state.il.us. If you have further questions related to the Illinois sales tax laws, please contact the Department's Taxpayer Information Division at (217) 782-3336.

If you are not under audit and you wish to obtain a binding Private Letter Ruling regarding your factual situation, please submit all of the information set out in items 1 through 8 of the enclosed copy of Section 1200.110(b).

Very truly yours,

Melanie A. Jarvis
